

Accreditation *evolved*. A streamlined path to higher performance

CAROTID STENTING | NEWS

PROPOSED CHANGES TO IAC CAROTID STENTING STANDARDS NOW OPEN FOR COMMENT

THIS COMMENT PERIOD IS NOW CLOSED

MARCH 5, 2014 | Beginning March 5th, 2014, the public may visit the IAC website at intersocietal.org/iac/comment_period.htm to comment on any of the proposed Standards for Adult or Pediatric until May 5, 2014. In order to provide comments, the IAC Comment Form must be completed and submitted electronically by the provided deadline.

At the close of the comment period, the IAC Carotid Stenting Board of Directors will review any submitted comments, consider modifications as needed and vote for final approval of the *Standards*. Facilities are notified of changes to the published *Standards*, and the most current version of the Standards can be viewed or printed from the IAC Carotid Stenting website at intersocietal.org/carotid/main/carotid_standards.htm.
