

## Proposed Changes to IAC Standards for Carotid Stenting Accreditation Now Open for Public Comment - COMMENT PERIOD CLOSED

---

SEPTEMBER 1, 2013 | Beginning September 1, 2013, the public may visit the IAC website at [www.intersocietal.org/iac/comment\\_period.htm](http://www.intersocietal.org/iac/comment_period.htm) to comment on any of the proposed Standards until November 1, 2013. In order to provide comments, the IAC Comment Form must be completed and submitted electronically by the provided deadline.

At the close of the comment period, the IAC Carotid Stenting Board of Directors will review any submitted comments, consider modifications as needed and voted for final approval of the Standards. Facilities are notified of changes to the published Standards, and the most current version of the Standards can be viewed or printed from the IAC Carotid Stenting website at [www.intersocietal.org/carotid/main/carotid\\_standards.htm](http://www.intersocietal.org/carotid/main/carotid_standards.htm).
