

Proposed Changes to IAC Standards and Guidelines for Echo Accreditation Now Open For Public Comment - THIS COMMENT PERIOD IS NOW CLOSED

APRIL 1, 2013 | Beginning April 1, 2013, the public may visit the IAC website at www.intersocietal.org/iac/comment_period.htm to comment on any of the proposed *Standards* for Adult or Pediatric until June 1, 2013. In order to provide comments, the IAC Comment Form must be completed and submitted electronically by the provided deadline.

At the close of the comment period, the IAC Echocardiography Board of Directors will review any submitted comments, consider modifications as needed and vote for final approval of the *Standards*. Facilities are notified of changes to the published *Standards*, and the current version of the *Standards* can be viewed or printed from the IAC Echocardiography website at www.intersocietal.org/echo/main/echo_standards.htm.
